

Indy Hackers Holiday Social 2016 Sponsorships

Thank you for considering sponsoring the 2016 Indy Hackers' Holiday Social! Our goal is simply to get local hackers together eating, drinking, and being merry. This is the sixth annual event and we are expecting upwards of 200 local developers to be in attendance.

Indy Hackers is a great platform for connecting with Indianapolis-area developers. Our Twitter account has over 650 followers and we publish a monthly newsletter with over 275 subscribers (and a stellar 55%+ open-rate).

Sponsorship Packages

All sponsorship dollars go towards the event and help to cover the cost of venue, food, drink, door prizes, t-shirts, and more.

Level 1 (5 Available) - \$250

We will display your company's logo on the <http://indyhackers.org/>, as well as on flyers at the event. We will also mention your company on Twitter and at the event (noting your generosity and dashing good looks).

Level 2 (5 Available) - \$500

You get all the perks of the Level 1 package. We will also explicitly mention you in December's "Hacks & Happenings" newsletter.

Level 3 (3 Available) - \$1000

You get all the perks of the Level 1 and Level 2 packages. We will associate your company directly with one of the best parts of the event, for instance "Food tonight has been brought to you by Job's Magic Shop." (Pick one of food, drinks, or venue. First come, first served.)

Level That Refuses Labels (1 Available) - \$3500

You get all the perks of the Level 1, Level 2, and Level 3 packages. We will print t-shirts with the Indy Hackers Logo AND your logo. We'll give them away at the event. Everyone will be wearing a shirt with your brand on it!

Custom Package - contact us

Looking for an option not listed above? We can accommodate alternative sponsorship perks on a per-request basis.

Do you have questions, comments, or concerns? Please don't hesitate to contact us at sponsors@indyhackers.org - thanks!
